

#### About me:

I am a 2<sup>nd</sup> year Sociology student, 45 years young. In my spare time I look after my son and train in Mixed Martial Arts, as well as socialising with friends and family. Laughter is important to me, as is being content and happy. Since I arrived at DMU, it has been an amazing journey and I am really enjoying my time here.

#### Why vote for me? :

As a sociology student the one main thing that I have learned is to question everything, but not just for the sake of it. The role we play is to find out what is at the core of an issue and that is what I would bring to the table as your BME representative. My fellow cohorts have selected me as their Student representative both last year and this year so the cares and concerns of my fellow students means a lot to me.

#### What would I do for you? :

- I would make sure that **YOU** got **YOUR** voice heard, your cares and your concerns.
- I would challenge anything that was detrimental to our journey, being a single voice, but echoing many views.
- Any issue that would need to be addressed, I would contact you to find out how you wanted me to move forward.
- If you have any questions, please feel free to email me, or alternatively contact me on our DMU sociology page.
