

“I mustache you to vote”

Hey, I'm Eleni Georgiou and I'm studying Business Management. I want to see DMU students get involved, get social and succeed in their studies. Let me know what your aims are, so I can help you achieve them.

My Voice:

Liberation Reps and School Reps manage and run their own campaigns to provide the best quality of your education and life.

As an international student I can understand the simple things that may cause you any problems or issues.

- ◆ DMU provides you a 24/7 library, English language support and study skills to award an excellence higher education. It also offers the perfect combination of award-winning teaching and world-class facilities.

- ◆ De Montfort Students' Union (DSU) ensures students have the best-possible experience at DMU. There are up to 100 sports teams and societies to join. You will be able meet new friends who may share the same interest at you. So get social and make stories for your friends back home. It's a whole new experience, meet new people, get involved in all types of societies.
- ◆ DMU also, provides you placement opportunities around the world. **#DMUglobal** is our exciting new initiative, which aims to provide the majority of students with valuable international experience. While studying they enhance their employability and helps give them a competitive edge.
- ◆ Studying in DMU is a life-changing opportunity for all of us. **#dmYOU**
- ◆ To achieve my aims as a future Rep, I will stand for YOUR VOICE!
