

#LEADYOURDSU

DSU STUDENT  
LEADERSHIP ELECTIONS

## Maleeha Choudri

International Students  
Representative

I am a very friendly and open minded person who wants your opinions to make changes for the best, so you can talk to me anytime, anyplace. I vow that I will always be there to listen to your concerns and help find solutions to your problems. A successful international students rep needs to be able to listen, understand and present your ideas and opinions, in order for your voices to be heard and this why I believe I am the perfect person for this role

My main aims:

### 1. More Opportunities

My first aim is to create more opportunity for international students to meet new people, I will do this by organising meet and greet events. This will not only help international students make new friends, but it allows home students to meet people from different backgrounds and cultures.

### 2. Increase Welfare

I will work with DSU to coordinate events to increase welfare for not only international students, but as a university as a whole. One way I will do this is by organising an international culture week, where each day will have a theme based on different countries. I believe this will help our international students feel more at home and encourage more people to join the university, while home students get to experience something new!

### 3. "Buddy System"

This is where a home student volunteers just 2 hours a week to show an international student around. This will not only help bring more opportunities to the DSU Volunteering scheme, adding more skills to your CV, but helps the international student to understand the area.

DMU opens its doors to over 2,700 international students from more than 130 countries and allows them to call DMU home. I want everybody to feel relaxed and happy so vote me as your #1 rep!
