

DEPUTY PRESIDENT EDUCATION

SAMUEL BESTMAN

#LEADYOURDSU

demontfortstudents.com/elections

I am Samuel Bestman Collins running for Deputy President Education. At a moment of massive education cuts and intended tripled university tuition fees, it is more crucial than ever that the Students' Union reflect the rights and demands of the students. That is why I want to be the students' hero for Education with the following policies:

INNOVATIVE TECHNOLOGY IMPLEMENTATION:

In view of the previous administration stride on this policy, I will ensure:

- . Implementations of lecture capture across all Faculties to enable students to access video and audio content online via Blackboard.
- . Hand in essays electronically only via the Turnitin system in order to cut the need to print essays and travel to hand it in at the SAC.
- . Ensure that students learning styles and needs are met.

LEARNING TO SUCCEED:

As the motto of the University suggest, how do we learn to succeed? I will ensure that this motto is achieved by:

- . Seeing that secondhand textbooks and materials is available for students at a subsidised

rate in the University bookshop.

. Lobbying for the courses to be more practical oriented. For instance, Law students who wish not for the LPC or BPTC to have a practical knowledge of what it takes to be a law graduate.

WHY ME?

- . I was a Course Representative.
- . Currently a School Representative Co-ordinator.
- . Currently the voluntary Black Minority Ethnic Students Rep.
- . Actively involved with the Nigerian Students Society where I am the Health and Safety Officer and also the MyUniPal Project.
