

INTERNATIONAL STUDENTS' REPRESENTATIVE

KARINA BASURTO

#LEADYOURDSU

demontfortstudents.com/elections

My Aims

Campaign for scholarships and equal tuition fees for International students

More immigration advice and support

Promote cultural awareness and integration

As an international student from Mexico I am suitable for this role

I belong to the committee and run the International Society here in DMU

I participated in my high school for the integration programme for Venezuelan students in my home town of Mexico City.

As a committee member of the International Society, and member of other societies like Marxist Society, I hope to achieve my 3 top aims mentioned above.

Involvement of DSU and the Societies in International youth exchanges and projects, such as a youth mobility strand Erasmus plus.

NUS DELEGATE

I would like to run for NUS delegate to represent all international students in DMU for the NUS National Conference. I want the international students in DMU to have a voice and a vote on current issues and how we want our universities to support us to create a better future for the students.
