As Women's Representative, it would be my job to help you, the women on campus. To listen to you, to support you and your needs and get our voices heard. I want to know what can be done to ensure you have the most pleasant experience possible whilst studying at DMU. I'm willing to be the voice that speaks on behalf of women on campus. I want our voice to be the loudest, the clearest and the most powerful.

I want to get women on campus involved and included in more opportunities, in more activities, breaking the mould and leaping through the glass ceiling. Not only would I be there to encourage the ladies on campus, I would also be there as friend, as someone you can talk to and someone who will listen. I will do everything in my power to ensure your success, to make you feel proud, whether it be for achieving a personal target you've set yourself, or one we've aspired to reach together. I want you all to smash goals and feel proud and I believe I'm the person to help you do just that.
