

WOMEN'S REPRESENTATIVE

LUCINA WILDE

#LEADYOURDSU

demontfortstudents.com/elections

Hi everyone! My name is Lucina Wilde, a second year Psychology with Health Studies student. I was elected as your part-time Women's Representative this year and I would love to represent you again! I feel that in this year we can improve DeMontfort even more on gender equality issues!

So far I have:

- Introduced free tampons into the Students' Union toilets
- Worked with the full time Representatives on their campaigns as well as joint ones
- Met with the architects designing the new #DSURevamp and put across ideas from students
- I have petitioned to the University itself to improve the gender equality awareness.
- Begun the process of a pilot period of the Gender Mentoring scheme with MyUniPal
- Organised a campaign week which will be happening very soon with lots of fun activities!

My aims for this year:

- Let's get down to business (yes that's a Mulan reference), to defeat the everyday sexism, which is a problem which affects all genders!
- Continue making DMU an even more friendly space for all genders, where nobody has to feel insecure.
- Implement the Gender Mentoring Scheme into more Faculties to increase retention rates.
- Make all of this year's Freshers aware of the safety facilities at DMU and around the city centre.
- Work with other part-time and full-time Representatives to empower the entire female community.
- Reclaim feminism for all genders as I truly believe that it belongs to everyone.

It's time to unite the genders, make everybody feel equal and safer on campus. If I am elected I endeavour to fulfil my goals again.
