My Aims

I want to work for complete equality on and off campus.

I would like to work for more unisex bathroom facilities.

I also aim to work for wider education of staff and students about the LGBTQ+ community.

As a youth work student I have extensive experience working with young people from all backgrounds including LGBTQ+ youth. I also am an active member of the LGBTQ+ community.

If I am elected I would like to achieve a more harmonious environment on and off campus for all students, with a focus on LGBTQ+ students and equality.

NUS DELEGATE

In addition to running for President I am standing for NUS Delegate, where I aim to give our students at DMU a voice at the national NUS Conference.
