

PRESIDENT

KELLY DAVIES

#LEADYOURDSU

demontfortstudents.com/elections

My name is Kelly. I'm a 2nd year English and Creative Writing student and a member of Tea Break and Sub-Aqua. I'm a My-Unipal Mentor who's also worked with the I-Buddy scheme and was a Course Rep last year. I have Asperger's Syndrome and I am willing to run the DSU in a brand new way!

My policies:

Accessibility:

The DSU is a charity for students, thus students should have a say. Therefore I will host drop-in sessions so that people may hold me to account.

Fixing the feedback issue:

The feedback for some student's assignment is shocking, there is often little-no feedback on how to improve. I want to establish a standard marking criteria that **MUST** be adhered to.

Questioning the cuts:

The Disabled Student Allowance, NHS bursary and maintenance grant has been scrapped. Current students are wondering how they are going to afford to live and potential students fear debt. I want to play my part on solving this by campaigning for the government to revoke their decision.

Equal access to opportunities:

Some DMU students do not receive the same opportunities as students from other courses when it comes to enhancing the CV. I want to rectify this by:

- Establishing more Frontrunners placements.
- Documenting all extra-curricular activities on the H.E.A.R report.
- Working with #DMUGlobal to ensure more courses have options to go aboard.

The social experience:

The social experience at DMU is very important. I'll make DMU more social by:

- Establishing more course societies, providing all students a support system.
- Expanding the highly successful Give it a Go scheme, ensuring maximum coverage over social media.
- Arranging another successful tour for the Sports Teams and societies.

Vote for Kelly Davies, the only candidate with a seal of approval!
