My Aims

To enhance DSU's charitable culture, working with societies and sports teams to make charity events more successful than ever before. Work towards an equal distribution of funds across sports teams and societies. Strengthen links between sports clubs and societies and local charities and community projects.

My Experience

I feel combining my Politics and Economics degree with my experiences as part of DMU Rugby equip me perfectly for this role. Giving me the passion and determination required to drive DSU's Sports teams and Societies on to future success.

In the past year as part of committee, I have gained an acute awareness of how university sport runs and have built up good relations with other sports clubs and societies.

What I would like to achieve

If elected I would like to oversee levels of sign ups for societies and sports teams increasing from this year's record numbers.

As Chair of the RAG committee, I'd like to work with societies and sports teams to set up more joint-charity events, such as a Rugby v Football charity boxing night.

Working with sports teams, I would like to set up more incentivised schemes to encourage participation in charity and community projects.

Oversee a successful home Varsity, with the specific goal of increasing numbers of spectators and supporters at all varsities. Having played in varsities, I understand how big a thing it is and I believe that there's a large section of our university that needs to feel what Varsity means!
