

#LEADYOURDSU

DSU STUDENT
LEADERSHIP ELECTIONS

Ghazia Karim

Women's Representative

I am a first year student at DMU and I am studying Criminology and Criminal Justice. I am a candidate for this position as I want to make a difference to the student experience at DMU – for **both** males and females.

DE MONTFORT STUDENT'S UNION MUST CAMPAIGN FOR:-

- Crèche facilities for students who have children at low or **no** cost! This would save them a lot of money and worry whilst they attend university - without having to fear about providing babysitters or childcare while they learn. (Allowing more focus on education!)
- Childcare support for students on DMU Global trips, the university must provide both support and equality for students with children – this would mean that students who have children are able to attend trips and have the same opportunities to attend as those without children!
- Male student awareness of sexual health (such as safety), relationships (problems, issues and anything else they may face) and contraception issues – male students also need to be educated and advised about such issues! Males and females should both have the same support towards this.
- Free Education for All – Education isn't a privilege, it's a basic human right. No individual should be prevented from getting education because of factors such as class, gender or the colour of their skin. Fees must fall to allow equality and education for all!
- We want Grants not Loans - Abolish Tuition Fees! – **Remember-** Education is a *right*.
- Oppose Trident & Other WMD's - Divert Funding to Education & Public Services instead; this would be a benefit for all of us in society. Usage of funding on the right things that will benefit us.
- Students to stand with workers against austerity & against anti-union laws.
